1. Product Description

LUKB Actively Managed Tracker Certificates offer Investors the opportunity to replicate the price movement of the Basket and thus to participate in its development. The risk/return profile of this Product is comparable to the risk/return profile of the Basket. The Basket consists of several components (the «Basket Components») and represents the Underlying of this Product. The Basket is **dynamic** and managed **discretionary** by the Investment Advisor during the lifetime of the Product. The Investment Advisor composes the Basket in line with the Investment Strategy at his own discretion and can amend the composition at any time. Thus, the performance of the Basket depends on the Investment Strategy pursued by the Investment Advisor and its implementation. This Product provides variable annual payments as compensation for the sum of the proportional net dividends, net coupons resp. net distributions paid by the Basket Components.

Investment Strategy	<p>Brands offer the possibility to emphasise the characteristics of the products and services more clearly and thus distinguish them from comparable products of other suppliers. Premium brands are linked to a positive image and offer subjective or real added value through better quality. Producers of Premium Brands are usually characterised by a dominant market position. The selected companies are characterised by high profitability and appealing growth prospects. In addition, the criteria of balance sheet quality and share valuation are taken into account. The underlyings are selected based on the qualified market assessment of the investment advisor. The investment strategy does not involve leverage and is implemented in accordance with the investment guidelines. These guidelines provide for a maximum investment degree of 100% and a weighting of the individual basket components between a minimum of 0% and a maximum of 100%. In addition, the number of basket components is between a minimum of 10 and a maximum of 40. The basket contains a cash position.</p> <p>Further information on the Investment Strategy, the Investment Guidelines and the Investment Restrictions - if available - can be obtained free of charge from the Issuer: Luzerner Kantonbank AG Structured Products, Pilatusstrasse 12, 6003 Lucerne, Email: structuredproducts@lukb.ch.</p>

For further information on the Issuer Call, please refer to Section 5.1.13 of the General Terms and Conditions of the Base Prospectus.

Extraordinary right of termination of the Issuer

If changes in the Basket are planned or have already been made, which, in the sole opinion of the Issuer, are such that a continuation of the Products does not appear appropriate, the Issuer has the right to terminate at any time all outstanding Products for the purpose of early redemption without giving any reason on a freely determined Termination Date.

The corresponding notification must be published as soon as possible, stating the Termination Date.

Investor Put

Subject to prior notice by the Issuer, each Investor has the right to terminate its Products on a quarterly basis on January 01, April 01, July 01 and October 01 (modified following, for the first time in January 2022) ("Termination Date"). The Investor must provide the Paying Agent with a duly completed and signed termination notice (with the information in accordance with section 5.1.13 ii. b. of the General Terms and Conditions of the Base Prospectus) no later than 10 bank working days before the Termination Date by letter mail or by email (Luzerner Kantonalbank AG Structured Products, Pilatusstrasse 12, 6003 Luzern, structuredproducts@lukb.ch). By submitting the termination notice, the Investor undertakes not to transfer the terminated Products. If the Investor has deposited the Products at a third bank (custodian bank), he must also inform them in good time about the exercise of the termination.

Redemption at Termination Date

The Redemption Amount is determined by the Calculation Agent on the Termination Date. The Redemption is made 5 bank working days after the Termination Date. The Issuer may extend the determination of the Redemption Amount to several days at its sole discretion if it considers this necessary due to current market conditions (such as liquidity in the Basket Components). The corresponding notification must be published at least 10 bank working days in advance. The Redemption will then be made 5 bank business days after the calculation of the Redemption Amount by the Calculation Agent.

The Terms and Conditions of this Product may be subject to Adjustments over the lifetime of this Product (e.g. due to Corporate Actions). Notices with respect to Adjustments and all other notices to Investors shall be made on the website of the Issuer at structuredproducts.lukb.ch/services/notices or any successor website. If this Product is listed on an Exchange, the notices will be published in accordance with the rules issued by the relevant Exchange on the relevant Exchange website.

Market Disruption Event

If the Issuer and/or the Calculation Agent determines, in its reasonable discretion, that a day relevant for the determination of the price of one or some of the components of the Underlying (each an "Affected Component") is a Disrupted Day then the Issuer and/or the Calculation Agent shall determine the relevant price of the Affected Component in its reasonable discretion taking into account established market practice, including, but not limited to, using the most recently traded price or a fair value established at its sole discretion.

"Disrupted Day" means any Business Day on which any relevant exchange fails to open for trading during its regular trading session or on which an event has occurred that disrupts or impairs (as determined by the Issuer and/or Calculation Agent) the ability of market participants to effect transactions in or obtain market prices for, any components of the Underlying.

The weightings remain unchanged before and after the sales/purchases.</p>
